N=1 - Causal Reasoning and Evidence for Clinical Practice

Tuesday 12 January, Tårnbygningen TU101, NMBU campus

08:18	*Train from Oslo S, L21 Moss, track 9 or 10, stop: Ås*
09:15 - 09:30	Welcome and introduction by Rani Lill Anjum
09:30 - 10:50	**SESSION 1**
09:30	**Anna Luise Kirkengen**: *Creating chronicity*
09:50	**Henrik Vogt**: *N-of-1 studies in personalized systems medicine - an overview of aims and ambitions*
10:10	Discussion
10:50 - 11:05	Coffee, tea, snack
11:05 - 12:25	**SESSION 2**
11:05	**Roger Kerry**: *What do clinical guidelines mean in person-centred care?*
11:25	**Samantha Copeland**: *Moving from the particular to the general, and back again – Pitfalls and precautions*
11:45	Discussion
12:25 - 13:25	**Lunch**
13:25 - 14:45	**SESSION 3**
13:25	**Tobias Gustum Lindstad**: *Clinical psychology and psychotherapy whenever N=1*
13:45	**Rachel Cooper**: *Why we need patient-produced evidence*
14:05	Discussion
14:45 - 15:00	Coffee, tea, cake
15:00 - 16:20	**SESSION 4**
15:00	**Matthew Low**: *Causal reasoning in physiotherapy clinical practice - A person centred approach*
15:20	**Andrew Miles**: *Person-centered care of patients with medically unexplained symptoms: theoretical perspectives and clinical considerations*
15:40	Discussion
16:51	*Train from Ås Station, L21 Skøyen, track 2, stop: Oslo S*

Wednesday 13 January, Tårnbygningen TU101, NMBU campus

08:18	*Train from Oslo S, L21 Moss, track 9 or 10, stop: Ås*
09:15 - 10:35	**SESSION 5**
09:15	**Raffaella Campaner**: *Mechanistic models and explaining disorders. Where do we stand?*
09:35	**Carlo Martini**: *From external validity to clinical validity: the role of experts in evidence-based medicine*
09:55	Discussion
10:35 - 10:50	Coffee, tea, snack
10:50 - 12:10	**SESSION 6**
10:50	**Robyn MacQuarrie**: *Pregnant women: N=1 trial participants by default?*
11:10	**Elena Rocca**: *Tailoring pharmacological treatment for the patient: the challenges of clinical pharmacology*
11:30	Discussion
12:10 - 13:10	**Lunch**
13:10 - 14:30	**SESSION 7**
13:10	**Jonathan Fuller**: *Predicting for particular patients: Bernard meets Bayes*
13:30	**Alex Broadbent**: *The potential outcomes approach in epidemiology - What is at stake?*
13:50	Discussion
14:30 - 14:45	Coffee, tea, cake
14:45 - 15:20	**SESSION 8**
14:45	**Stephen Mumford** and **Rani Lill Anjum**: *A conclusive argument against evidence based policy*
15:00 - 15:20	Discussion
15:20	End of workshop
15:51	*Train from Ås Station, L21 Skøyen, track 2, stop: Oslo S*
